# COMPANY PROFILE

Established in 1986, Micro Engineers embodies over four decades of engineering excellence, built on precision, innovation, and customer trust. Based in Surat, Gujarat, we are committed to delivering high-quality engineering and fabrication solutions tailored to the unique needs of our customers. Many of our team members have been with us for over two to three decades, reflecting our strong values, mutual trust, and commitment to excellence. This lasting association reflects our family values and long-term commitment to both our people and our customers.

## VISION

We are committed to becoming a globally leading engineering company that serves as a trusted and meaningful platform for every industry, business, and individual. By deeply understanding our customer's intentions, objectives, and goals, we strive to provide relevant and impactful engineering solutions in accordance with their sentiments, becoming the foundation of their success, progress, and sustainable growth — now and for generations to come.

हम एक वैश्विक स्तर की अग्रणी इंजीनियरिंग कंपनी बनने के लिए प्रतिबद्ध हैं, जो हर उद्योग, व्यवसाय और व्यक्ति के लिए एक भरोसेमंद और अर्थपूर्ण प्लेटफॉर्म बने तथा ग्राहकों के इरादों, उद्देश्यों और लक्ष्यों को गहराई से समझते हुए, उनकी भावना के अनुरूप प्रासंगिक एवं प्रभावशाली इंजीनियरिंग समाधान प्रदान करे, ताकि उनकी सफलता, प्रगति और सतत विकास का आधार बने - अब और आने वाली पीढ़ियों तक।

## MISSION

### Employees

The professional and personal development of our employees is paramount, enabling them to realize their full potential and develop a deep sense of connection with the company.

#### कर्मचारी

कर्मचारी का व्यावसायिक और व्यक्तिगत विकास सर्वोपरि है, जिससे वे पूरी क्षमता के साथ कंपनी से गहरा जुड़ाव महसूस करें।

### Technology

We create a balanced production line by integrating traditional & modern technologies while utilizing system flowcharts to ensure efficiency and consistency.

#### प्रौद्योगिकी

हम पुरानी और नई तकनीकों के साथ, सिस्टम फ्लोचार्ट का उपयोग करते हुए, एक संतुलित प्रोडक्शन लाइन बनाते हैं।

### Social

We align with the flow of nature and empower brand identity in a sustainable direction.

#### सामाजिक

हम प्रकृति के प्रवाह के साथ जुड़कर, एक स्थिर दिशा में ब्रांड की पहचान को सशक्त बनाते हैं।

## CORE VALUES

**Integrity** | ईमानदारी और सत्यनिष्ठा

**Customer Centricity** | ग्राहक-केंद्रित दृष्टिकोण

**Innovation** | नवोन्मेष

# Services

## CNC Machining

Our CNC machining approach prioritizes repeatability and process stability first, enabling consistent quality for every component. We develop standardized processes with balanced cycle time and tooling efficiency, ensuring consistent results irrespective of the operator.

## Custom Manufacturing

Our experience and integrated capabilities in CNC machining, fabrication, and R&D enable us to understand customer requirements, provide true technical guidance, and develop practical custom manufacturing solutions.

## Fabrication Services

We specialize in engineered fabrication solutions, combining engineering expertise, innovation, and skilled workmanship. We transform customer requirements and concepts into practical, reliable, and tailor-made solutions, with a focus on strength, durability, functionality, aesthetics, and zero-maintenance performance.

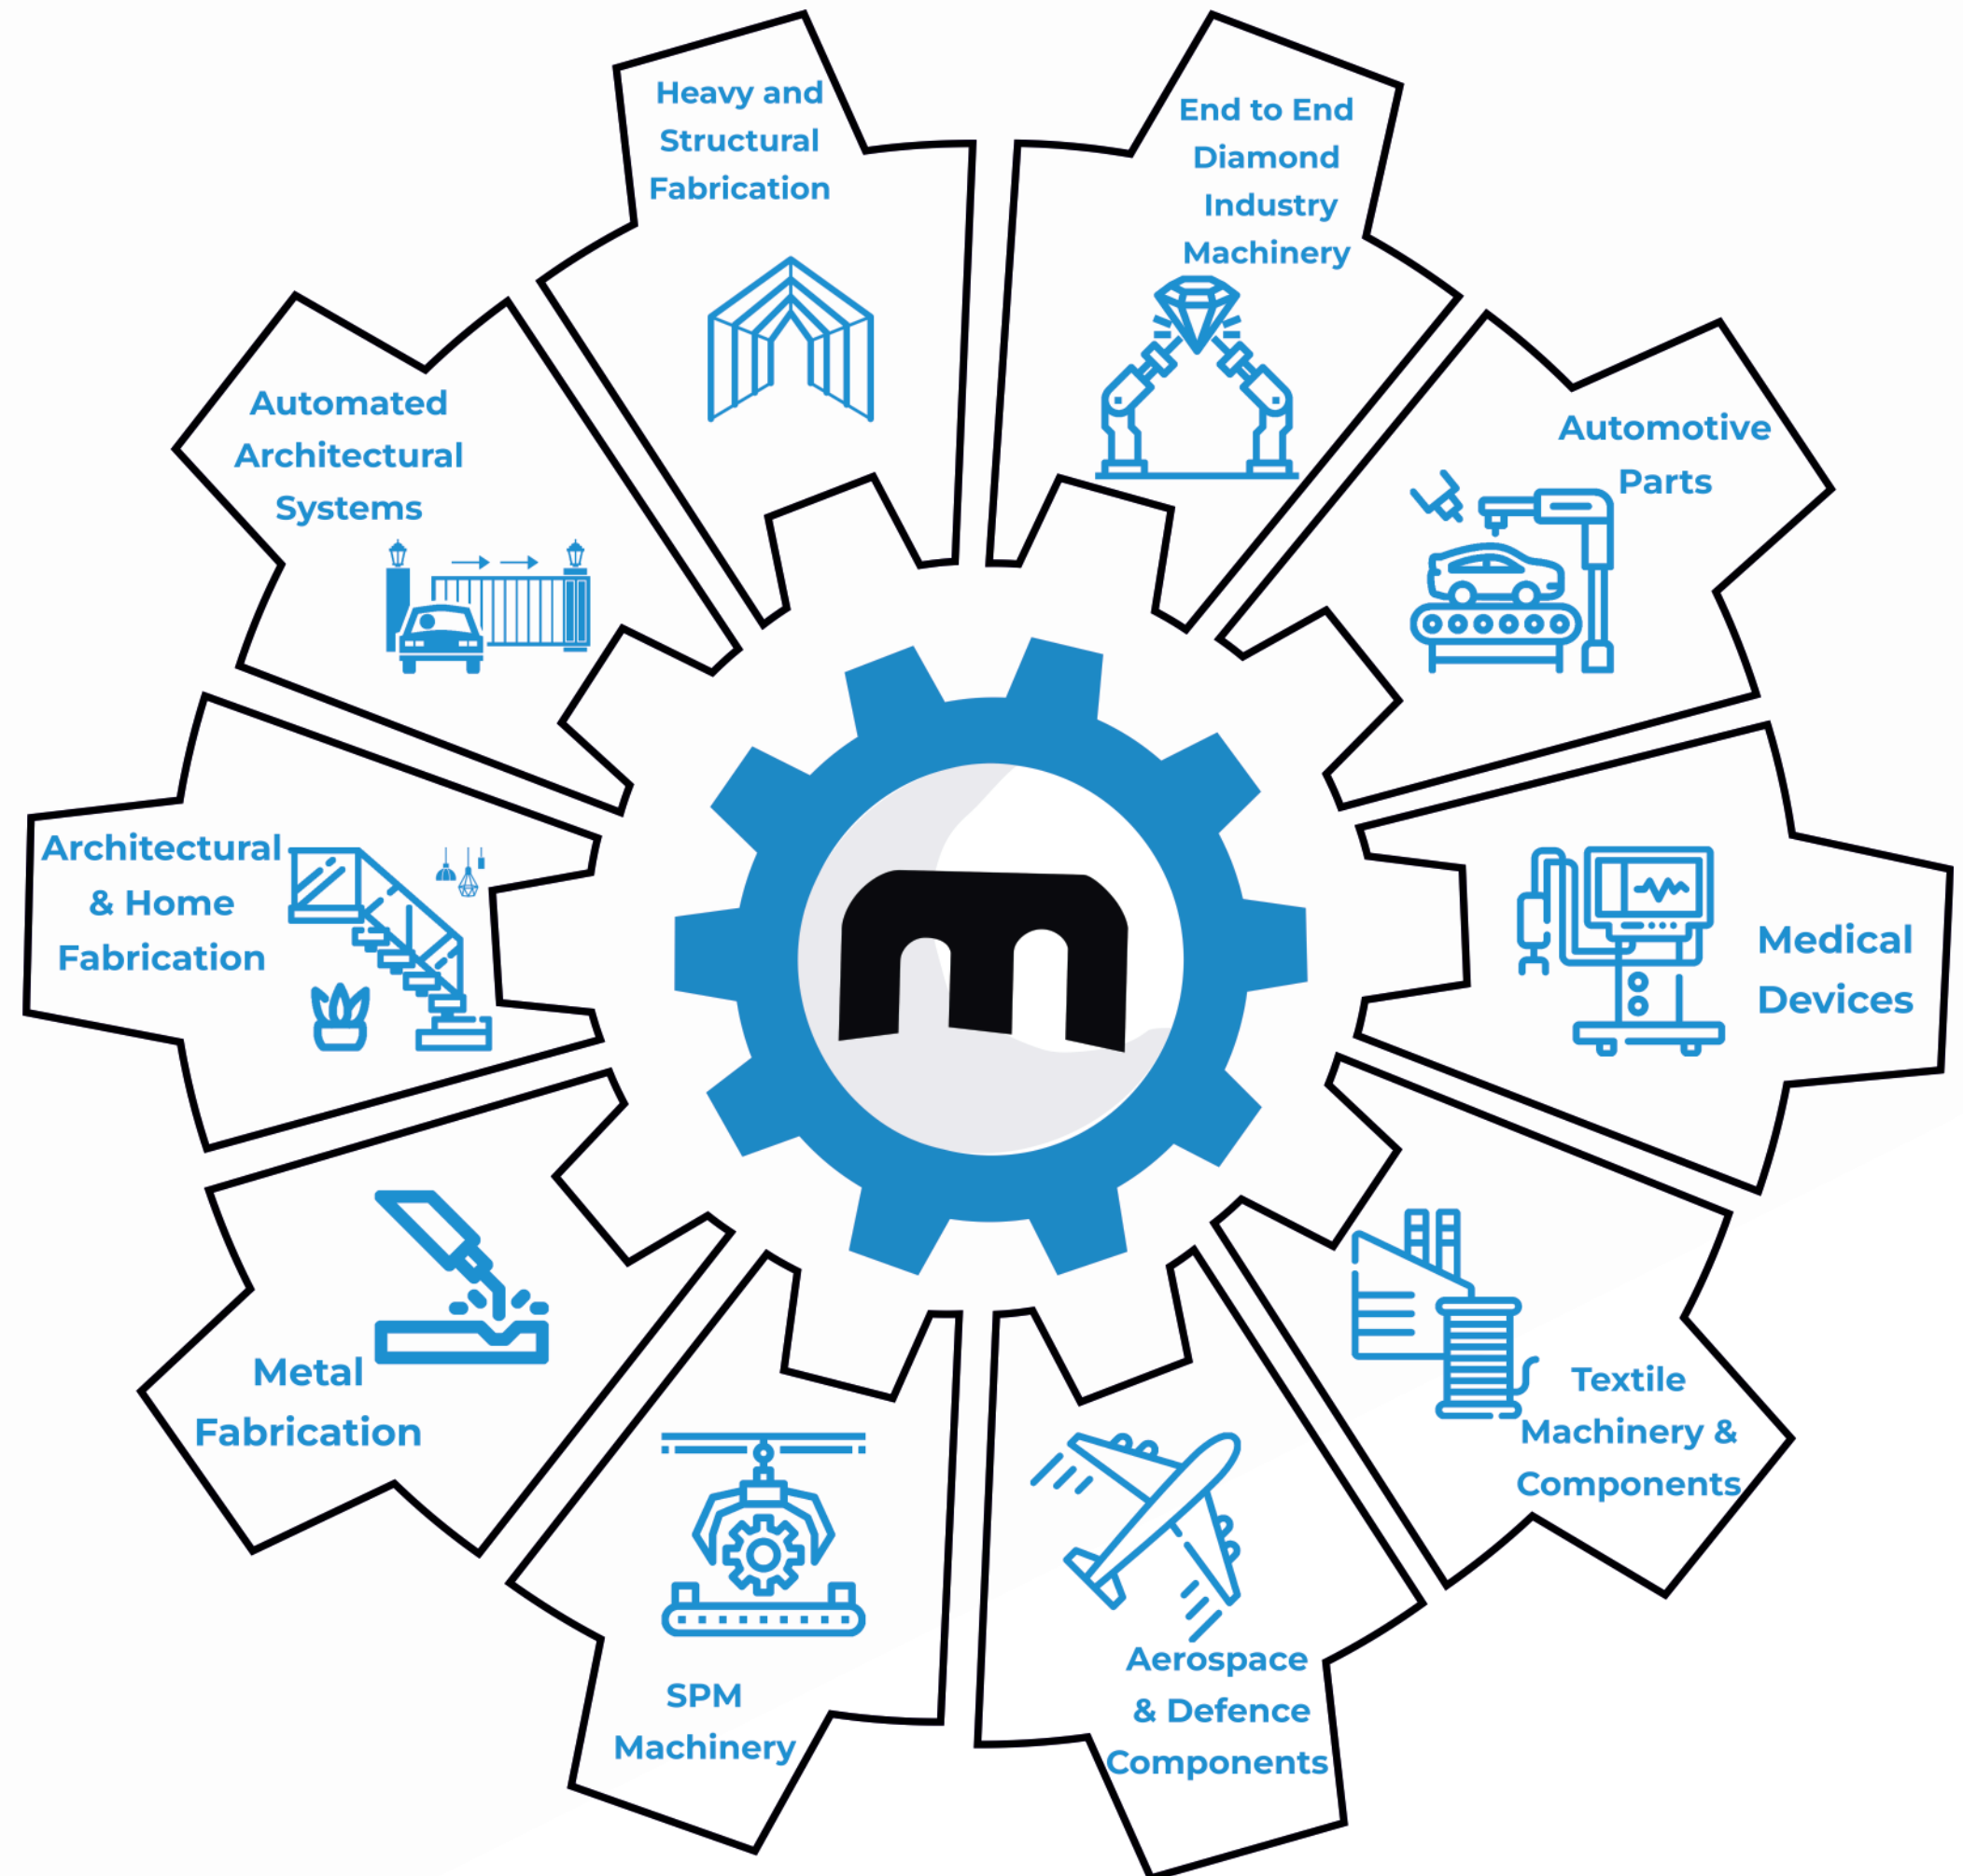

## After Sales Support & Consultation

Even when challenges arise due to application conditions or limited information during development, we work with the customer to identify the root cause and provide fact-based guidance. Whether through engineering, fabrication, or technical improvements, we strive to deliver long-term, near-zero maintenance solutions that help customers achieve better performance.

## Research and Development

Our R&D team transforms customer concepts into practical solutions through design, 3D development, prototyping, and validation. We continuously improve existing production by adopting new and proven technologies, optimizing performance, efficiency, reliability, and cost.

# Industries We Serve

# Trusted By Leading Brands

Proud to partner with leading brands across industries, delivering reliable engineering and precision metal fabrication solutions.
